III. Insurance, health and safety

1. The Events are intended for ambitious amateur athletes.
2. The Interested Party is hereby informed that he is liable, according to the general rules of compensation for damages, for any damages that he culpably causes to other Participants, the Organiser or third parties during the Events. In order to cover the risks resulting from this responsibility, the Organiser recommends the purchase of an appropriate third-party liability insurance policy in an appropriate amount. The Organiser also notes the option of taking out an insurance policy with the ÖRV-Bike-Card (service.radsportverband.at/die-oerv-bike-card-eine-karte-fuer-alle-radler). The Organiser is not obliged to check whether all Participants have appropriate insurance, nor is this a precondition for participation in the Events.
3. **The race route requires high standards of physical fitness and bike-handling skills on the part of the Participant, the latter especially for the descents. It is also essential to have correctly functioning equipment that meets the requirements of a bicycle race.**
4. The Interested Party is exclusively responsible for assessing his own physical health and fitness and for having correctly functioning equipment (The Organiser recommends prior consultation with a sports medicine specialist).
5. Participation in the Events is only permitted with a road bike that
 - is in a fault-free state of maintenance,
 - does not have clip-on triathlon bars or time-trial bars,
 - is not an electric bicycle (e-bike) and does not have any other kind of motorisation.

The Organiser's employees may carry out checks in the start and finish areas – although they are not under any obligation to do so.

6. Accompanying vehicles and accompanying riders (without official starting number) are not permitted.
7. The Organiser is required to ensure the presence of a prescribed number of paramedics to support the Event. No further medical care is provided.
8. "Broom wagons" (vehicles that transport Participants who no longer can or want to ride the full race, along with their bicycles, to the finish area) travel along the route, along with service cars, service motorcycles, the race stewards, several ambulances and a final vehicle. There are also service and first aid facilities at the specially labelled feed stations.

9. In the event of hazards (bad weather conditions or other unforeseeable events), the route may be shortened and/or time limits may be imposed, or the Event may be cancelled by the authorities or the Organiser.

IV. Registration

7. The number of available starting places for the Events is limited to a total of 1,000 starters for each competition.
8. An entry fee must be paid in order to participate in the Event. The applicable entry fees for the individual competitions are staggered according to the registration times and can be seen at www.kitzbueheler-radmarathon.at/rennen/registrierung/.
9. **Payment of the full entry fee concludes the contract between the Interested Party and the Organiser.**
10. Both cash and cashless entry fee payments are collected via RaceTimePro GmbH on behalf and for account of the Organiser.
11. Participants can register either online via the registration portal www.racetime.pro or in person as a late registration.
12. More information on registration, issuing of start numbers, results and routes can be found on the announcement on the Organiser's website at www.kitzbueheler-radmarathon.at/rennen/registrierung/.
13. Online registration: registration for the Event is possible – subject to availability of starting places – using the registration form until the closing date, which is five days before the event, i.e. 21 August 2023, at 11:59 pm. Online registration is only successfully completed once the entry fee has been successfully paid via the payment methods offered by RaceTimePro GmbH. After successful online registration, confirmation of registration is automatically sent along with a copy of these Terms and Conditions of Participation to the address provided by the Participant. **The Interested Party must bring a printout of the confirmation of registration and a signed copy of the Terms and Conditions of Participation in order to be issued with a start number.**
14. In-person late registration: in-person late registration is possible – subject to availability of starting places – in the Sportpark Kitzbühel on 26 and 27 August 2023.
15. The Organiser may exclude a Participant from the Events at any time if the Participant is likely to damage the reputation of the Events or if there is a justified suspicion of this.
16. Interested Parties who are members of a national or international organisation and are currently banned for doping are excluded from participation.
17. The Participant's registration status can be checked at any time on www.racetime.pro.

18. For the services to be provided to the Participant by the Organiser as part of the Event, please see Point II. 1. There is no legal entitlement to any additional services from the Organiser.
19. Following successful registration, it is not possible to withdraw from the contract for reasons that lie within the Participant's control or that occur by chance. If participation in the Event does not take place, the entry fee is not refunded (the Organiser recommends taking out cancellation insurance when registering – cancellation insurance cannot be taken out for a late registration; the cancellation insurance does not cover the events listed under Point VII.6).

V. Race procedure, start numbers and timing

1. The Organiser reserves the right to make changes to the programme that affect the Participant to a reasonable, minimal and objectively justified extent.
2. Any changes to the programme will either be displayed on the information boards at the start number issuing location, published on the Organiser's website at www.kitzbueheler-radmarathon.at or announced at the rider briefing.
3. The right to participate in the Events is entirely personal and not transferable.
4. The entitlement to start and participate is dependent on holding an official start number. The start number must be affixed to the back of the topmost layer of clothing in a way that is clearly visible.
5. The timing is carried out by a company chosen by the Organiser.
6. The final vehicle adheres strictly to the specified cut-off split times and marks the end of the Events. Any Participant who finds himself behind the final vehicle, at any time, has been eliminated and is excluded from further participation.
7. Descending the Kitzbüheler Horn toll road by bicycle is not allowed on the race route! The cable car is available free of charge to every Participant with their bicycle.
8. The Organiser reserves the right to carry out doping tests. Participants can find all necessary information on doping at www.nada.at. If an Interested Party/Participant does not agree to take part in an accredited doping test – for whatsoever reason – he will be disqualified.

VI. Other risks

1. The routes include (both public and private) roads that are open to general traffic. Participants should therefore expect to encounter general traffic on the route during the race. **The race routes are NOT closed to general traffic even during the Events!**

2. The feed stations and service stations provided by the Organiser are in cordoned-off areas. The zones for the feed stations and service stations are labelled accordingly. The position of the feed stations and service stations is marked on the overview map that can be accessed on the Organiser's website at www.kitzbueheler-radmarathon.at/strecke.
3. When not in the cordoned-off areas, the Participant is on roads open to general traffic.
4. As can be expected given their status as public and private roads, the surfaces have imperfections such as cracks in the tarmac, potholes, unevenness etc. The Participant should always adjust his speed and riding style to the conditions of the road surface.

VII. Behaviour during the race

1. Helmets are compulsory throughout the race.
2. The Austrian Road Traffic Ordinance (Straßenverkehrsordnung, StVO) must be complied with for the whole race route. In particular, Participants should observe the obligation to ride on the right!
3. On the pass roads, especially the descents, Participants should ride at a speed such that they can come to a full stop within the closest half of the portion of road visible to them.
4. Speed, riding style and riding lines should be adapted to the road conditions (especially road damage), the Participant's own abilities, the weather conditions and the traffic.
5. If a Participant leaves the Event in any way except disqualification, he should immediately contact the Organiser, otherwise a search action will be started at the Participant's own expense.
6. The start number cannot be changed; in an emergency it is the first thing used to identify the Participant.
7. Any instructions given by the police, the fire brigade, the Organiser or the security staff must be followed.
8. Rubbish, especially gel wrappers, packets, bottles and the like, can only be thrown away at the feed stations. Failure to comply with this rule may lead to disqualification!

VIII. Liability

1. Participation in the Event is at the Participant's own risk. This applies particularly in terms of health.
2. The Participant is responsible for the correctness of the details given when registering for the Event.

3. In the event of infringements of these Terms and Conditions of Participation, the Organiser accepts no liability for damages of any kind (except in the case of contributory negligence).
4. The Organiser is liable for damages that it causes itself or that its subcontractors cause only in the event of gross negligence or wilful intent – this does not apply to personal injury.
5. The Participant bears full liability for any damages that his behaviour causes to the Organiser or third parties, and must indemnify the Organiser and hold it harmless in this regard.
6. In the event of programme changes, justified disqualification, cancellation or postponement because of force majeure, there is no entitlement to a refund of the entry fee, nor for reimbursement of other expenses such as travel or hotel costs.
7. The Organiser accepts liability for objects stored on behalf of the Participant only to the extent of ensuring careful and proper storage. This applies in particular to objects that have been deposited with the cloakroom service at the start using the rucksack or clothes bag provided to the Participant. With regard to objects that are not picked up within two weeks of the end of the Event, it will be assumed that the owner has relinquished right of ownership. Such unclaimed items may be disposed of by the Organiser.
8. The Organiser does not accept any storage obligations for bicycles or other objects left by the Participants in the start and finish areas or in the feed stations, first aid stations and service stations.
9. In the event of a significant breach of the Terms and Conditions of Participation or justified suspicion of this, Participants may be disqualified by employees of the Organiser. In addition, if a Participant infringes against the StVO, this may be reported to the relevant authority along with personal details.

10. The Participant may contact the Organiser (RC Sportunion Marathon, 4040 Lichtenberg, Zehentweg 30, Austria, office@kitzbueheler-radmarathon.at) to request his lawful rights according to the General Data Protection Regulation, especially the right to be informed about his stored personal data, their origins and recipients and the purpose of the data processing, as well as the right to rectification, right to erasure of incorrect or impermissible processed data, right to object (provided there is a legitimate interest), right to withdraw consent, right to restrict or suppress processing and right to data portability (provided there is consent or a contractual relationship).
